

We are excited to announce the winner of the 2023

Arts Society City of Chichester Award

In the Yard

HM Prison Lewes Drawing

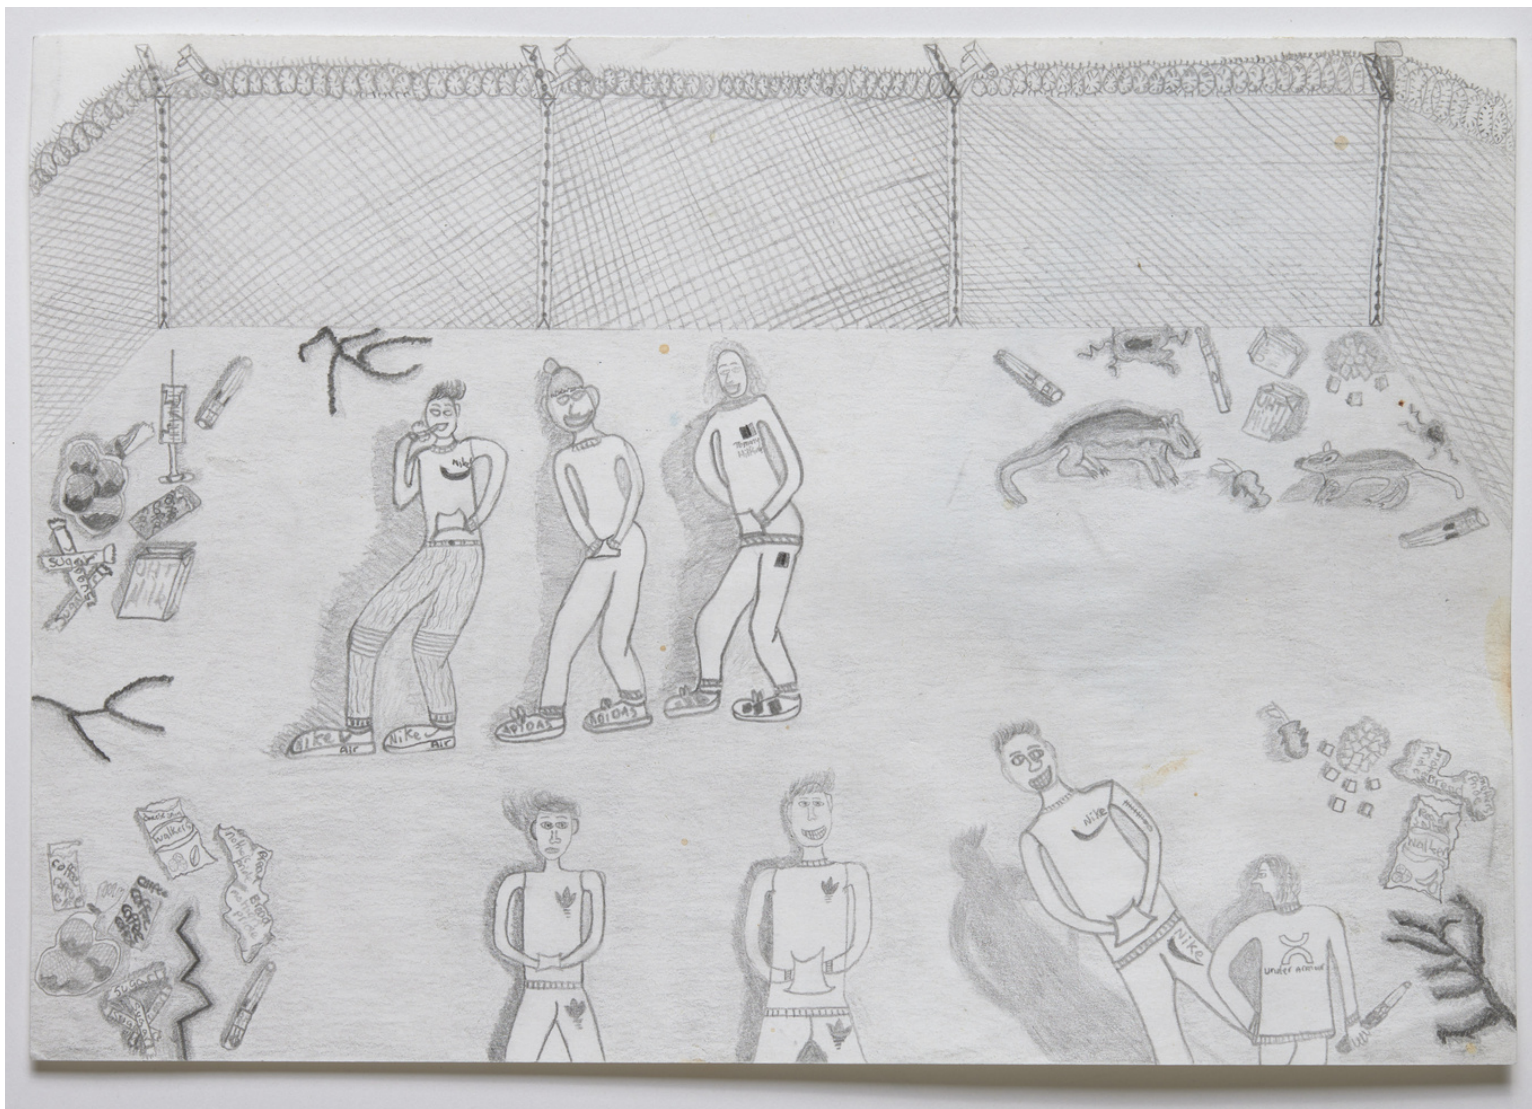

Please find a picture of the winning piece below.

In the Yard was made by a talented artist at HM Prison Lewes, a men's secure unit based in Sussex. At age 24, this year was the first time the artist entered the Koestler Awards.

Your support has helped recognise the talent of a young person who has tried something new this year, and has found their voice through the Koestler Awards. This award will give them much needed encouragement to continue being creative while in prison.

The artist will receive a bespoke certificate confirming that *In the Yard* has won the 2023 Arts Society City of Chichester Award and personalised feedback from our Koestler Awards judges and feedback volunteers.

If you would also like to offer your comments and supportive words to the artist, please find attached a feedback form which you can return by email and which will be sent directly to the artist.
