

The Big Sing: East Wittering Primary School

The Big Sing was a vibrant and heartwarming music event held at East Wittering Community Primary School, bringing together students from Years 3, 4, and 5. The event was expertly organised and led by the incredibly talented Emily Barden, whose energy and passion for music inspired every participant.

The children performed a selection of songs curated by West Sussex Music, providing a diverse and engaging musical experience. These carefully chosen songs encouraged teamwork, creativity, and vocal development among the students. The repertoire included a mix of genres, designed to challenge and entertain, while ensuring the students were both engaged and challenged in their performances.

In addition to the songs chosen by West Sussex Music, each class took the opportunity to showcase their own unique performances. The children worked hard to select and rehearse songs that resonated with them, bringing their individuality and creativity into the event. These student-led performances highlighted the talent and enthusiasm of the pupils, giving them the chance to shine in front of an appreciative audience.

Emily Barden's role as the event's leader was crucial to its success. With her deep understanding of music and her engaging teaching style, she fostered an atmosphere of excitement and collaboration. Emily's ability to connect with the children allowed them to confidently express themselves, both individually and as a group, making The Big Sing a memorable occasion for all involved.

The Big Sing was a wonderful celebration of music, creativity, and teamwork. Under Emily Barden's expert guidance, the students of Years 3, 4 and 5 delivered a memorable performance that demonstrated their musical talent and enthusiasm.

The event not only showcased the importance of music in education but also highlighted the value of community and collaboration in achieving something truly special. East Wittering Community Primary School would like to extend their eternal thanks to the Arts Society City of Chichester for funding the event.
